Free workshops and events for children and families
31 July – 25 August | Tuesdays and Saturdays

During the school summer holidays, Groundwork presents Lightbox, a festival of free activities and entertainment for families, hosted in a specially constructed light box projection space at CAST in Helston.

Come to CAST to explore and play with shadow and light, make art and animation, and see great children's world cinema. Make and do workshops will run every Tuesday from 31 July, with opportunities to make shadow puppets, props, miniature worlds and wind-up theatres inspired by objects in the Helston Museum and bring them to life in the light box animation studio at CAST.

On Saturday mornings there will be opportunities to explore light and shadow play spaces, dress up and pose for old-fashioned portrait photography sessions or have a go on the magical camera obscura portrait drawing machine.

On Saturday afternoons watch children's classic films, world cinema and animation in the Lightbox cinema, with popcorn, drinks and a range of snacks available from CAST Café.

Look out for special events by The Story Republic on Wednesday 15 and Wednesday 22 August, including storytelling and song for pre-school-age Little Story Seekers and interactive sessions based on well-known fairy stories for 5 to 8 year-old Story Adventurers.

Lightbox is programmed by CAST and directed by Cornwall-based artist Lucy Grant of Heads & Hands.
